

The background of the entire page is a vibrant, cartoon-style illustration of an Olympus-themed slot game. In the center, Zeus, with a long white beard and a golden crown, holds a lightning bolt. To his left is Athena, wearing a purple and gold outfit with a helmet. To his right is Poseidon, with a long white beard and a green crown, holding a trident. Further right is Aphrodite, with long blonde hair and a green and gold outfit, holding a seashell. In the background, the Parthenon is visible on a hill, surrounded by lightning bolts. The title "OLYMPIC" is written in large, 3D, blue and gold letters, and "Cash" is written in a smaller, gold, cursive font below it. A small "TM" trademark symbol is visible to the right of the title.

Olympic Free Games Feature

The game has a special progress Olympic Free Games feature. Multiple entries into the Olympic Free Games will sequentially unlock further modes with special features.

The Olympic Free Games feature is triggered by 3, 4 or 5 Scatter symbols landing anywhere on the reels during the main game. Once the feature has been triggered, a 'Choose Your Free Games Mode' screen appears for a player to choose 1 of unlocked Free Games modes, each corresponding to a particular Olympian. Each subsequent entry to the Free Games moves the player along to unlock all modes.

The Poseidon Free Games mode is available from the 10th time the Olympic Free Games feature has been triggered and awards 20 free games.

Once there is a win combination, every symbol that participated in the win explodes, including the Wild and Scatter symbols. All empty spaces are filled with new symbols that fall down on the reels.

These new symbols may also create new wins. After any new wins are awarded, winning symbols will disappear again. This process repeats until there are no more winning combinations on the reels.

Every Poseidon Free Games spin begins with a multiplier of x1. When the Collapsing Reels feature is triggered, the multiplier will increase by +1. Every sequential collapse that creates a win will increase the multiplier, up to a maximum of x5.

If a collapse or a spin does not create a win, the collapsing reels multiplier will be reset to x1.

The Poseidon Free Games mode cannot be retriggered.

Zeus Free Games

The Zeus Free Games mode is available from the 15th time the Olympic Free Games feature has been triggered and awards 25 free games.

During Zeus Free Games the Cloning Wild symbol may randomly appear on reel 3 only and duplicate itself to replace random symbols on the reels to create more potential wins.

During Zeus Free Games 2, 3, 4 or 5 Scatter symbols landing anywhere on the reels will award 1, 2, 3 or 4 additional free games respectively.

Casino's Exposure

The casino's maximum exposure from a single game round is limited by the win capping mechanism. The win capping defines that the total win from a single game round cannot exceed 500,000 Euro. Should the total win from a game round exceed this number, the total win will be capped.

Top Win information per bet got during simulation of 1,000,000,000 bets:

Highest win	16,244 x Total Bet
10th highest win	16,200 x Total Bet
100th highest win	16,200 x Total Bet

It is highly undesirable to exceed the pre-set win capping values and game limits.
