## KEY SYMBOLS

## WILDS

WILD may appear on all reels, under the following conditions:

- Full reel wild, as a result of a PICK SPIN in the base game.
- Full reel wild in each Red Soul Stone Free Games.
- Full reel wild with multiplier in each Purple Soul Stone FG.
- Full reel wild/single wild in each Red Super Soul Free Games.
- Full reel wild/single wild multipliers in each Purple Super Soul Free Games

Wild substitutes for all symbols except Soul Stones and Elixirs.

## KEY SYMBOLS

## COLLECT SYMBOLS

Replenish the Green Elixirs to maintain Wu Kong's health throughout the base game, and to keep the Soul Stones intact.

Collect Red Soul Stones and Purple Soul Stones to trigger Red Soul Feature and Purple Soul Feature.

Red Battle Spins and Purple Battle Spins can make or break your Soul Stone collection: just land one stone to keep the Soul Stone meter alive, with the possibility of triggering the free games.

## GAME FEATURES

### PICK SPIN

Any Base Game can randomly launch a Pick Spin:

Player can choose from 4 coins by either selecting their own coin or a random reveal through the PLAY Button.

Coin will reveal one of 6 prizes: a Red Soul Stone that adds one Red Soul Stone to the players meter, a Purple Soul Stone that adds one Purple Soul Stone to the players meter, a green elixir that resets the meter, a full reel wild game, a full reel wild game with multiplier or a Cash Prize.

## RED BATTLE / PURPLE BATTLE

There are two Battle games at play during the Base Game: RED BATTLE and PURPLE BATTLE.

During each Battle Game, all Elixirs on the reel strip are replaced with either Red Soul Stones or Purple Soul Stones.

Land one or more Red or Purple Soul Stones to increase their respective Soul Stone Meter count, with a chance to trigger that Soul Stone's Feature Game.

Failure to land a single stone will relinquish any of that colour's collected Soul Stones from its meter.

## BUY IN FEATURE

The Buy In feature allows the player to purchase any one of four Free Games features directly.

Clicking on the BUY IN FEATURE button opens a feature menu, where the amount to purchase is displayed calculated on the bet amount.

The player can change the bet and see how the cost of the Buy In feature altered immediately.

Press the BUY button to pay for that feature and trigger the Free Games feature.

After purchasing, all wins will be calculated the same as during regular spins.

The Buy In feature can be activated only between spins and during the main game.

Skywind will upload the game with the default Coin Bet values shown here (the coin marked **yellow** is the default selected coin bet for all players as they enter the game for the very first time).

Please contact the Skywind support team if you want to make changes in the Coin values.

Game limits of all new games must ALWAYS be reviewed by the casino operator prior to the game's release to players. Failure to set the required maximum limit may result in the casino's exposure to large player wins.

As always, licensees are welcome to contact their Partner Manager for further assistance in understanding and configuring game limits and updates of coin values.
