- 3+ Scatters trigger up to 100 free games
- Free Games with Wild Multipliers
- Buy In feature and Ante Bet feature
- Configurable RTP values
- Configurable features choice

Symbol Details

Wild Symbol

The Wild symbol appears on reels 2, 3, 4, 5 and 6 during the main game and Free Games round.

The Wild symbol substitutes for all symbols except for the Scatter symbol.

The Wild symbol multiplies the win it participates in by x2, x3 or x5 appearing randomly on the reels during Free Games.

Scatter symbol

The Scatter symbol appears on all reels during the main game and Free Games round.

3, 4, 5 or 6 Scatter symbols anywhere on the reels trigger 8, 15, 25 or 100 free games respectively.

2, 3, 4, 5 or 6 Scatter symbols anywhere on the reels during Free Games round trigger 5, 8, 15, 25 or 100 additional free games respectively.

Game Features

Megaways™ Feature

The Megaways™ feature provides up to 117649 ways to win.

The overall number of possible ways to win for a spin is calculated by multiplying together the number of landing symbols on each reel. Only the highest win pays on each way.

If there are symbols occupying several positions, the number of ways to win for this spin will be fewer than in the case when each landing symbol occupies just one position.

Ways wins pay in any position from left to right on adjacent reels, beginning with the leftmost reel. When the special symbol is expanding during Free Games ways to win also pay on non-adjacent reels.

Free Games

Free Games is triggered by 3, 4, 5 or 6 Scatter symbols anywhere on the reels awarding 8, 15, 25 or 100 free games respectively.

When the Wild symbol lands anywhere on reels 2, 3, 4, 5 or 6 and participates in the win combination during any Free Games round, it will become the Wild symbol with a random x2, x3 or x5 multiplier. The Wild Multiplier is applied to the win combinations it participates in. If the win combination contains more than one Wild symbol, the total multiplier of the win is the sum of all Wild Multipliers.

2, 3, 4, 5 or 6 Scatter symbols landing anywhere on the reels during the feature award 5, 8, 15, 25 or 100 additional free games respectively.

Free Games can be retriggered infinitely.

Buy In Feature

The Buy In feature starts Free Games immediately for the cost of 100x bet.

To buy Free Games the player needs to press the "Buy In Feature" button and make a single payment that guarantees Free Games trigger.

The player can also choose the bet and see the cost of Free Games trigger. Then press the "Buy" button to pay and spin the reels for the guaranteed Free Games.

After purchasing the feature, all wins will be calculated the same as during regular spins.

The Buy In feature can be activated only between spins and during the main game.

The Buy In feature and the Ante Bet feature cannot be activated simultaneously.

Ante Bet Feature

The Ante Bet feature doubles the chances of Free Games for an additional cost.

Ante Bet price for the next spin is displayed on the screen. It is a total of the player's current bet and 5 additional coins. For example, the bet is 20 coins – Ante Bet is 25 coins.

The player can activate the Ante Bet feature only in the main game. The Ante Bet cannot be turned on/off during spins.

The feature is turned off as a default.

The Buy In feature and the Ante Bet feature cannot be activated simultaneously.

Casino's Exposure

The casino's maximum exposure from a single game round is limited by the win capping mechanism. The win capping defines that the total win from a single game round cannot exceed 500,000 Euro or 5,000 x Coin Bet. Should the total win from a game round exceed these numbers, the total win will be capped.

Top Win information per bet:

Regular Mode	
Highest win	5,000 x Bet
10th highest win	5,000 x Bet
100th highest win	5,000 x Bet

* Ante Bet and Buy In features are turned off.

Ante Bet Feature	
Highest win	4,000 x Bet
10th highest win	4,000 x Bet
100th highest win	4,000 x Bet

It is highly inadvisable to exceed the pre-set win capping values and game limits.

Default Coin Bet Values at Upload

Skywind will upload the game with the below default Coin Bet values (the coin marked in **bold** is the default selected coin bet for all players as they enter the game for the very first time):

Please contact the Skywind support team if you want to make changes in the Coin values.

Game limits of all new games must ALWAYS be reviewed by the casino operator prior to the game's release to players. Failure to set the required maximum limit may result in the casino's exposure to large player wins.

As always, licensees are welcome to contact their Account Manager for further assistance in understanding and configuring game limits and updates of coin values.

MEGAWAYS™
UP TO 117,649 WAYS WITH MEGAWAYS™

WAYS WIN PAY IN ANY POSITION FROM LEFT TO RIGHT ON ADJACENT REELS, BEGINNING WITH THE LEFTMOST REEL.

ONLY THE HIGHEST WIN PAYS ON EACH WAY.

THE OVERALL NUMBER OF POSSIBLE WAYS TO WIN FOR A SPIN IS CALCULATED BY MULTIPLYING TOGETHER THE NUMBER OF LANDING SYMBOLS ON EACH REEL. IF THERE ARE SYMBOLS OCCUPYING SEVERAL POSITIONS, THE NUMBER OF WAYS TO WIN FOR THIS SPIN WILL BE FEWER THAN IN THE CASE WHEN EACH LANDING SYMBOL OCCUPIES JUST ONE POSITION.
