GAME FEATURES

CASCADING WINS

Landing 8 or more matching symbols anywhere on the grid awards a win.

Winning symbols disappear, making way for new ones to cascade down. This continues until no more wins occur.

Each cascading win is tracked in the Cascade Box next to the game grid, while the list of winning combinations appears in the Cascade Win Box.

GAME FEATURES

4, 5, 6 or more Bonus symbols will award 10, 15 or 25 Free Games respectively.

3 or more Bonus symbols during the Free Games feature will award 5 extra Free Games.

GAME FEATURES

SUPER FREE GAMES

3, 4, 5 or more Bonus symbols and a Super Bonus symbol will award 10, 15 or 25 Super Free Games respectively. The Super Free Games feature has a total multiplier box, which is initially empty.

At the end of a cascading sequence if the Super Free Game results in a win and there is at least one dropped multiplier symbol, the sum of all values on multiplier symbols shown on the screen will be added to the total multiplier and then the total multiplier will be applied to this win.

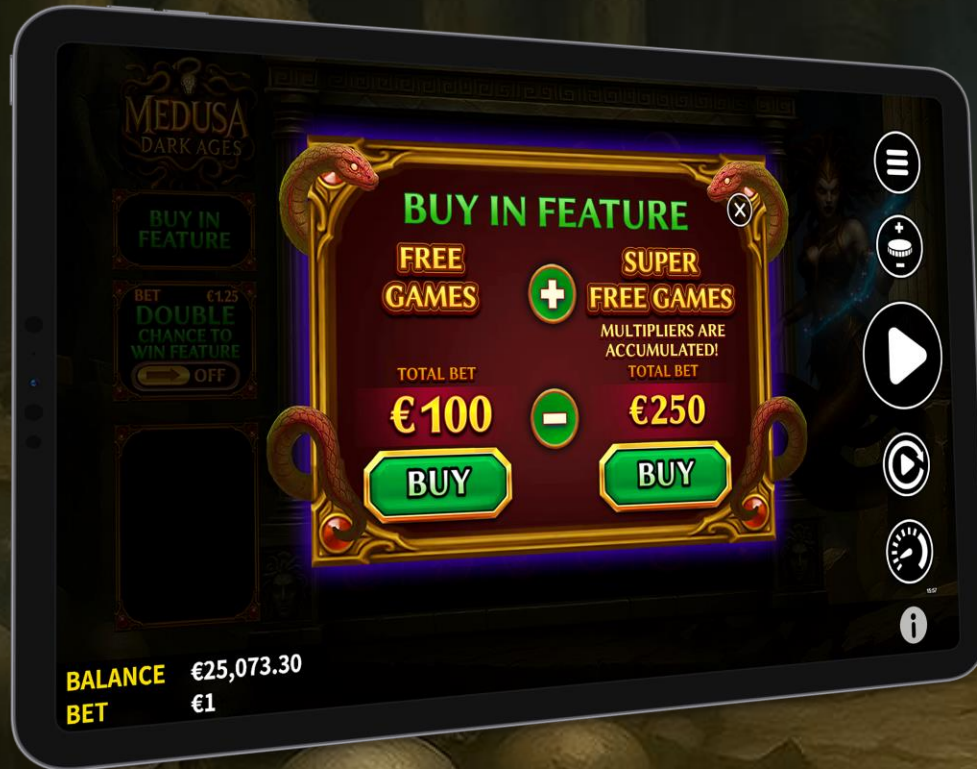

The total multiplier is saved, and the sum of the multipliers from the next winning Super Free Games will be added to it.

The total multiplier is applied to the Super Free Game win only if at least one multiplier symbol exists on the screen at the end of the cascading sequence.

3 or more Super Bonus symbols during the Super Free Games feature will award 5 extra Super Free Games.

If the conditions for triggering free games and Super Free Games are met simultaneously, only Super Free Games will be triggered.
