Each coloured Tiger awards a different number of free spins and starting point for the Multiplier, which increases during the feature.

The Wild symbol may appear on reels 2, 3, 4 and 5 during the 8 Tigers feature.

During 8 Tigers when a Wild substitutes in a win combination, only that win amount is multiplied by the current multiplier value.

SILVER - 25 free games with x2 increasing multiplier.

TEAL - 20 free games with x3 increasing multiplier.

BLUE - 15 free games with x5 increasing multiplier.

Once the Tiger is chosen the feature starts.

8 TIGERS FEATURE

After the player has chosen their Wild at the selection screen, the 8 Tigers feature will begin with the awarded number of free games and starting multiplier value.

When one or more Wild symbols substitute in a win combination, the win is multiplied by the current multiplier value displayed on the screen.

When one or more Wild symbols substitute in a win combination, the multiplier is increased by its increasing value.

Any 3, 4, 5 or 6 Scatter symbols appearing on consecutive reels, beginning with the leftmost reel, awards an additional 5, 10, 15 or 25 free games respectively.

8 Tigers free games are played at the same cost as the main game that triggered the 8 Tigers feature.

PLAY IT YOUR WAY™

Play It Your Way™ is a unique feature to Skywind games that lets the player risk as much of their winnings from the 8 Tigers feature as they want, for additional free games.

They can COLLECT it all or use the BANK IT™ feature to save as much of their winnings as they want. By dragging the slider or using the keypad they can select the amount they wish to bank and therefore the amount they wish to risk as well.

If the player chooses to gamble any amount, they will see 4 coloured tubes to pick from, each displaying the number of free games they could win. Once they have chosen a tube, they press GAMBLE to play.

To win the gamble, the moving marker must land in the green zone on the tube. If the marker does, they will retain the gambled amount and be awarded the additional number of free games and multiplier displayed.

If the marker lands in the red zone they lose the gamble but could be awarded a random Compensation Prize.

The Play It Your Way™ feature is available up to 8 times during the 8 Tigers feature.

BONUS BUY CHOICE

The Bonus Buy Choice allows the player to purchase one of two features for an additional cost:

8 Tigers feature

Guarantees that the next spin will trigger the feature for the cost of 100x Total Bet.

8 Tigers Gold feature

Awards a minimum of 15 free games with a minimum multiplier of x10 for the cost of 328x Total Bet.

The player can choose the bet and see the cost of each feature, then press the “BUY” button to pay for either.

After purchasing, all wins will be calculated the same as during the base game.

The Bonus Buy Choice can only be activated between spins and during the base game.

8 TIGERS GOLD FEATURE

This feature is only available as a Bonus Buy Choice.

Once the player has pressed the BUY button they will be asked to pick 1 of 3 mystery boxes containing free spins and 3 mystery boxes containing an initial multiplier value.

When the player picks their boxes, all values contained in the boxes are revealed with the free spins and multiplier they selected highlighted.

The rest of the feature is then played out on the grid with the multiplier being applied to all wins that contain a Wild symbol.

3 or more Scatters left to right awards additional free games.

EXTRA/DOUBLE/TRIPLE CHANCE

The Extra Chance button gives the player two options that will increase their chances to win the 8 Tigers feature, for an additional cost displayed on the screen.

Double Chance

Is a total of 20 credits plus an additional 5 credits multiplied by coin bet, or 25% extra. For example, the bet is 20 coins – Double Chance is 25 coins.

Triple Chance

The player can activate the Extra Chance feature only in the base game. The Extra Chance cannot be turned on/off during spins.

The feature is turned off as a default.

The Extra Chance feature and the Bonus Buy Choice feature cannot be activated simultaneously.

FA FA FA SUPERWAYS™

Ways wins pay in any position from left to right on adjacent reels, beginning with the leftmost reel.
