WILDS

In the main game, if full screen Wilds appear, they will award a 10000x bet, rather than the amount listed in the payable and it will trigger the win cap.

In the Free Games Feature, if full screen Wilds appear, Free Games will come to an end and players will receive 10000x bet as an award, and it will trigger the win cap.

SCATTER

4 or more scatter symbols anywhere on the reels will award the Free Games Feature.

Players will start the Free Games Feature with 6 Free Games.

During Free Games, all scatter symbols act as Wild symbols and fly to different positions on every spin.

TOUCAN FLYBY BONUS

The Toucan sits above the reels; this Toucan can fly down randomly once the reels stop and change the symbols on the screen to improve the wins.

In this case, the symbols will switch to upgraded symbols, increasing the wins on screen.

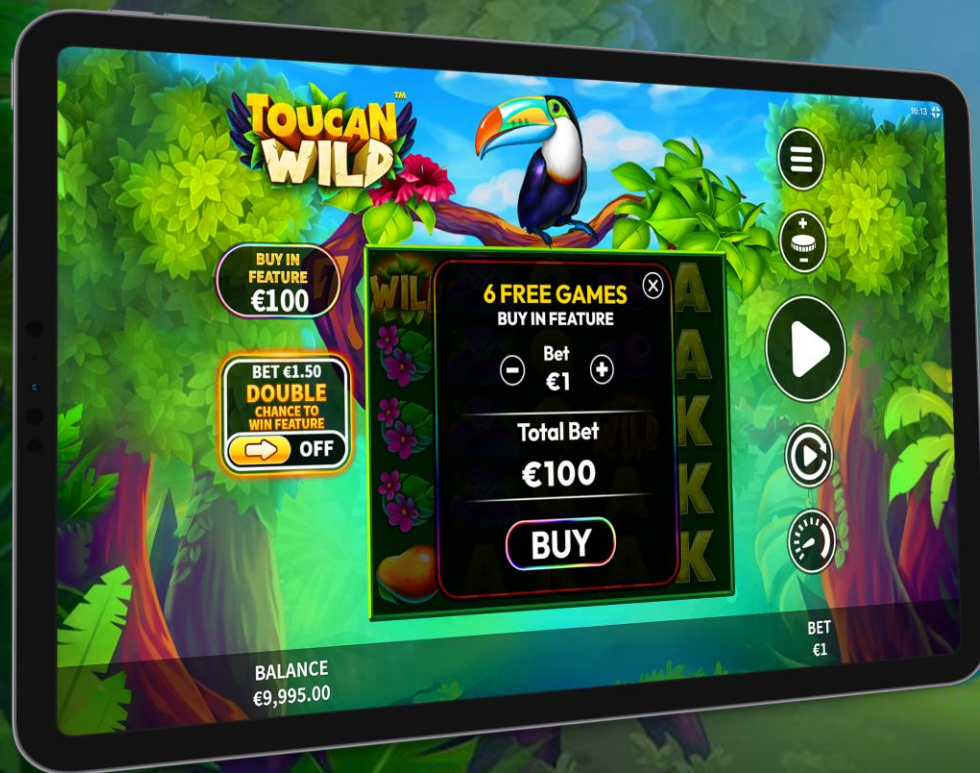

FREE GAMES FEATURE

4 or more scatter symbols anywhere on the reels will award the Free Games Feature. Player will start the Free Games Feature with 6 Free Games.

Free Games start with all triggering scatter symbols transformed into special Wild symbols and stuck on the reels flying to different positions on every spin.

If Scatter symbol lands during Free Games, it will award 1 extra Free Game. This Scatter will transform into a special Wild with the next spin.

BUY IN FEATURE

The Bonus Buy Feature is an additional single payment that guarantees the trigger of the Free Games Feature.

The cost of the Bonus Buy Feature is 100x bet.

Pressing the 'buy' button pays for the Feature and spins the reels for guaranteed Free Games.

The spin after pressing the 'buy' button will award between 4 and 15 scatters.

DOUBLE CHANCE FEATURE

The Double Chance feature doubles the chances of triggering the Free Games feature for an additional cost.

The cost of the Double Chance feature is displayed, a total of 25% above the player's current bet. E.g. If the bet is 20 coins, Double Chance is 25 coins.

It is only available during the base game.
Double Chance cannot be turned on/off during games.

The feature is turned off as a default.

Skywind will upload the game with the default Coin Bet values shown here (the coin marked **yellow** is the default selected coin bet for all players as they enter the game for the very first time).

Please contact the Skywind support team if you want to make changes in the Coin values.

Game limits of all new games must ALWAYS be reviewed by the casino operator prior to the game's release to players. Failure to set the required maximum limit may result in the casino's exposure to large player wins.

As always, licensees are welcome to contact their Partner Manager for further assistance in understanding and configuring game limits and updates of coin values.
