Game Features

Wild Mirror

The Wild Mirror feature can be randomly triggered on any spin during the main game.

After the feature is triggered, 1 to 5 expanded Wild Mirror symbols appear on the reels.

Free Games Bonus

3 or more Scatter symbols anywhere on the reels trigger the Free Games bonus. The player needs to choose from up to 4 unlocked Free Games modes, each corresponding to a particular Femme Fatale:

1) Axelerator Free Games

Axelerator Free Games mode is available after the first time the Free Games bonus is triggered and awards 10 free games.

During Axelerator Free Games, all wins are multiplied by 5.

Axelerator Free Games can be retriggered.

2) Chainsaw Wild Multiplier Free Games

The Chainsaw Wild Multiplier mode is unlocked after the player has triggered the bonus for the 4th time and awards 15 free games.

During Chainsaw Wild Multiplier Free Games, x2 or x3 Wild multipliers randomly appear above symbols on a winning spin.

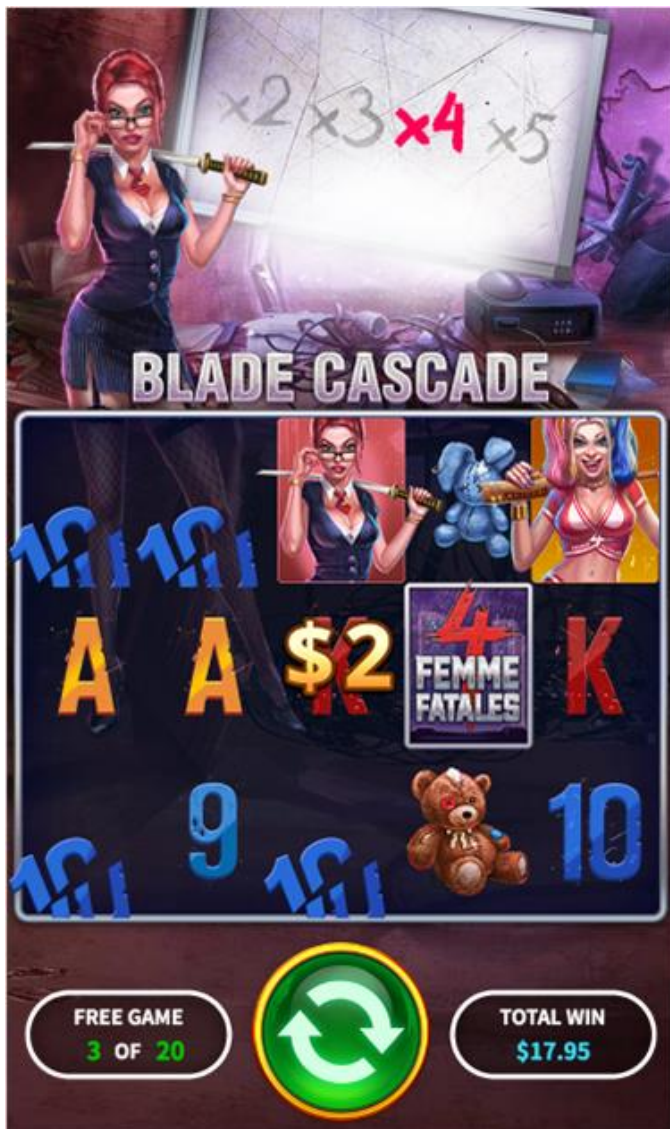

If more than one Wild Multiplier appears on a way, they are multiplied together (up to x6) and applied to the win for that way.

Both Wild Multipliers and the symbols under them participate in forming winning combinations.

The Chainsaw Wild Multiplier Free Games mode can't be retriggered.

3) Blade Cascade Free Games

The Blade Cascade mode is unlocked after the player has triggered the bonus for the 8th time and awards 20 free games.

During Blade Cascade Free Games, all symbols in the winning combinations disappear. Then new symbols fall into the empty positions for the chance of creating more winning combinations and a x2 multiplier is applied to the win. Each consecutive win increases the multiplier by x1 – up to a maximum of x5.

This Free Games mode can't be retriggered.

4) Wild Hit Free Games

The Wild Hit mode is unlocked after the player has triggered the bonus for the 12th time and awards 25 free games.

During Wild Hit Free Games, the Wild Ball symbol may randomly appear on reel 3 and clone itself to random positions for more wins on this spin.

During this mode, 2, 3, 4 or 5 Scatters anywhere on the reels award 2, 3, 4 or 5 additional free games respectively.

Casino's Exposure

The casino's maximum exposure from a single game round is limited by the win capping mechanism. The win capping defines that the total win from a single game round cannot exceed 500,000 Euro. Should the total win from a game round exceed this number, the total win will be capped.

Top Win information per bet got during simulation of 1,000,000,000 bets:

Highest win	16,244 x Bet Value
10th highest win	16,200 x Bet Value
100th highest win	16,200 x Bet Value

It is highly undesirable to exceed the pre-set win capping values and game limits.
